An equestrian bronze statue of Gen. Jolin B. Castleman, Louisville's Grand Old Man and famous park builder, is to be erected at the entrance of Cherokee Park, as a signal honor to the man who has made the beautifying of his city his life work. Gen. Castleman enjoys the unusual experience of having a statue erected in his honor while yet alive and all Kentucky endorses the deed.

SLAUGHTER'S LIFE SAVED

Murderer of Lee Jenkins Will Not Die In Chair After All.

UNUSUAL ACTION WAS TAKEN

Governor Deluged With Protests By Wire and Mail.

Frankfort, Ky., Feb. 10.—After affirming the death sentence imposed on Tom Slaughter by the Christian Circuit Court, the Judges of the Court of Appeals requested Gov. McCreary to commute the penalty to imprisonment for life, and Gov. McCreary has announced that he will do so. Slaughter is a negro, who shot and killed Lee Jenkins, a white man at Edgeton.

This unusual action of the Judges was due to the fact that they believed from the evidence that Slaughter's crime was not a capital offense, while they could find no error in the record. The case has been reversed once before, but in that opinion the court declared the evidence sufficient to warrant a submission to a jury. It was appealed from the second evidence, and the record showed that the trial court had implicitly followed directions.

The request for commutation was in writing and signed by Chief Justice J. P. Hobson and Judges W. E. Settle, Shackelford Miller, John D. Carroll, T. J. Nunn, J. M. Lassing and C. C. Turner. It is in part: "In the case of Thomas Slaughter vs. the Commonwealth, recently before us on appeal, we are all satisfied that the death penalty should not be inflicted, and unite in this application that the sentence be commuted to imprisonment for life."

The arrival of the Sunday papers containing the developments in the case caused excitement and indignation in South Christian, where the crime was committed. The people among whom Mr. Jenkins lived are law-abiding and good citizens. There was much talk of mob violence when the negro was captured, but cool counsels prevailed under assurances that the law would be enforced and the murderer legally executed. The citizens employed attorneys to assist in the prosecution and in two separate trials Slaughter was given a death sentence.

A failure to carry out the sentence will do much to destroy confidence in the law and will revive a mob spirit that was allayed by the belief that Slaughter would die for his crime.

Many telegrams were sent to Gov. McCreary yesterday protesting against the proposed commutation.

SLAUGHTER'S DOOM

Pronounced By the Court of Appeals.

Frankfort, Feb. 7.—The Court of Appeals Friday affirmed three death sentences for murder. Tom Slaughter of Christian county, Thomas Lawson and Thomas Martin of Shelby county. All three are negroes and killed white men.

Slaughter is the negro who killed Lee Jenkins, at Edgeton. He was given a death sentence once before, but got a rehearing and was a second time convicted. The Governor will shortly fix a date for his execution in the Eddyville prison.

Capt. A. G. Chapman has returned from a business trip to Louisville.

MRS. BROWN DEAD

Widow of Late Omar Brown Passes Away.

Mrs. Nannie C. Brown, widow of the late Omar S. Brown, died at her home at Crofton Friday night, in the 71st year of her age. She was born in Christian county May 14, 1842, and was a daughter of John H. and Caroline Myers. She was twice married, first to George Prowse, of Muhlenberg county, and after his death to Omar S. Brown. She is survived by a brother and sister, Geo. F. Myers, Crofton, and Mrs. Mattie Johnson, of Oklahoma. Also a half-brother, Judge Jno. H. Myers, Crofton. She was a member of the Christian church and was buried by the Eastern Star Lodge at the Clark graveyard.

JOHN CHILTON

Has Been Offered Wardenship of Frankfort Pen.

We see no reason why John Chilton should give up his position to accept the Wardenship of the Frankfort penitentiary, without there is a much better salary attached to it.

During his administration at the Eddyville prison he has made good in every way and the Governor and the prison board have been so well pleased that they want to move him up to Frankfort.

The position at Frankfort might be more desirable—though we fail to see why—and if Mr. Chilton accepts the charge it will be owing pretty much to the insistence of Gov. McCreary and the prison board.

GOOD ROADS MEETING

Government and State Experts Assigned To Speak On Roads.

EVERY FARMER SHOULD COME

Better Roads Should Be Slogan of Christian Co. Farmers.

There are many reasons why the good roads meeting to be held here this month, should be a great one. There is no question that should arouse enthusiasm among farmers more than that of having good roads. True it is that road conditions are far in advance of what they were in the forties, but there is yet much room for improvement. The county has spent hundreds of thousands of dollars for road improvements and the people are doubtless willing to go still farther in that direction. That being true, so much more the reason why they should be here at the good roads meeting on Wednesday and Thursday, February 19th and 20th.

This meeting was arranged so that those who are interested in what has become a national question would not have to lose valuable time from the farm.

The farmers who want good roads, at public expense, could not do better than attend and learn more about building roads that will last. In fact that is the most important feature of road building.

So active have those who are working for more modern and better roads that they have, in conjunction with the Business Men's Association, secured a Government expert to be here during the coming meeting. The Government has selected Mr. M. O. Edridge, of Washington City to represent it and State Road Commissioner, R. C. Ferrell, has notified Secretary Castleberry that he will also send an expert.

Different sections of the State will send delegations. The City of Paducah and McCracken county, have already manifested their intention of sending representatives. Delegations from Tennessee will also be here.

If the farmers of our own county would see a general improvement in their roads they will be recreant to their best interests should they fail to turn out February 19th and 20th en masse and make the meeting the most notable one yet held in the State.

Farmers should realize that the success of the meeting is altogether in their hands. Whilst progressive men on every calling, including our Business Men's Association and merchants, are doing everything possible they would advance their own interests by assuming the lead in road affairs, and arouse the enthusiasm of their neighbors in every section. It is now up to the farmers to help themselves.

UNPAID CHECKS TO FACE

Hopkinsville Young Man Gets in Trouble in Nashville.

T. W. Clark, a young man formerly of Hopkinsville, Ky., is behind the police station prison bars with unpaid checks for \$90.50 staring him in the face as the result of a brief stay in Nashville.

Young Clark was arrested upon complaint of Hirschberg Bros., like Platin, the Brothers' Place and other concerns yesterday.

The checks given these firms were drawn by Clark on his mother of Hopkinsville, Ky., were refused payment, and upon being returned, the concerns demanded the arrest of Clark.—Nashville Democrat.

Pencil Recreations

The days are lengthening at both ends now, and nobody is sorry about it.

Wonder if the boys who ride their bicycles on the sidewalks ever heard of the ordinance against it?

February used to be the month for making maple sugar, but it can be made any time of the year now.

Who will be the next superintendent of public schools for the county? About time for somebody to announce.

Two legal holidays in February, with St. Valentine's Day thrown in for good count, are enough to give the new year a start.

The Columbus baseball team are expected to arrive here for a season of practice on the 4th of March. Wonder how many girls in Hopkinsville will catch real sweethearts out of the bunch of 30.

If the other main thoroughfares of the city could be made as clean and smooth as Main and Ninth streets in the center of the business district, we would have the prettiest streets in Kentucky.

Have you heard of any weddings to take place soon? We have, and the bride-to-be is one of the most popular ones on Main street. You can do your own guessing as to which end of Main street it is.

The men of Kentucky who wore the gray will not get their pension money as there are no funds in the state treasury. There are several of the pensioners in this county but they have long since learned to wait.

There is no question about the patrons being satisfied with rates fixed by the Fiscal Court for the telephone company. They are, so far as we have heard low enough. The sale of the franchise carries the rate with it.

Editor Hancock, of the Pembroke Journal, has been asked to verify certain allegations in his paper in regard to graft and irregularities in working the roads in certain parts of the county. The Fiscal Court meets again the first Tuesday in March, and Mr. Hancock will have plenty time to get his "proof sheet" together. It's a serious charge and it is up to the editor to sustain it.

As spring draws near candidates are beginning to bud out. Among those who have already let it be known that they want office may be mentioned: Frank Rives and W. R. Howell for the State Senate; Mat Major and Jewel Smith for Sheriff; Ed Jones first expressed a desire to run for the Representative, but has since said that he preferred to receive the nomination for Sheriff. The above are Democrats but what may be wanted by Republicans has not yet been given out. The Bull Moose party has let it be known that a full county ticket will be put in the field.

Graham Stock Company.

Dramatic plays at cheap prices are and always will be popular with the American public, both old and young. Next week offers everyone an excellent opportunity to witness first class plays at trifling cost—the well known Graham Stock Company eighth season of success. The engagement opens at Holland's Opera House Monday night, Feb. 17, with "The Stepson," an up-to-date comedy-drama; to be followed by "The Unwritten Law, The Poisoner, Don Tell My Wife, On The Frontier" and an elaborate production of an entirely new version of "Dr. Jekyll and Mr. Hyde." All plays will be produced with an abundance of special scenery. The extra vaudeville, to be given between the acts, is a show in itself with the Graham Company; the specialties including electric musical acts, comedy juggling acts, novel magic acts and the latest in song and dance. Prices are to be only ten, twenty and thirty cents. On Monday night ladies will be admitted free. Advertisement.

African Dwarf Elephants.

An English official in Uganda claims
to have seen a herd of dwarf ele-
phants, the existence of which has
often been affirmed by natives. When
recently seen the company consisted
of from 30 to 40 individual elephants
meandering in solitary fashion over a
plain. The observer was most aston-
ished at the weak defenses offered by
their bodies. None of them had a tusk
of more than ten kilograms in weight.
A dead member of the flock was after-

but eight kilograms.

GREAT INTEREST IN LAYMEN'S CONVENTION

MANY PROMINENT MEN WILL
SPEAK AT MEETING OF LAY-
MEN'S MISSIONARY MOVE-
MENT IN MEMPHIS.

SESSIONS FEBRUARY 18-19-20

Many Important Questions Will be
Discussed by the Convention at
the Threeday's Meetings.

Memphis, Tennessee.—Great in-
terest is centering here in the com-
ing convention of the Laymen's Mis-
sionary Movement of the Southern
Presbyterian church to be held in
this city February 18-20. An excep-
tionally strong lot of men have been
announced on the program and it
promises to be a convention of an
exceptionally high order. Those who
have attended previous conventions
held by this movement in Birming-
ham and Chattanooga testify that
they have been meetings of great
power and they have demonstrated in
no uncertain terms that the church
has not lost its power with men.

Among the many important ques-
tions that are to be considered by
this convention may be mentioned the
following:

The Country Church.
This mighty national defense will
be prominently discussed before the
convention. Men have been engaged
who will bring a genuine soul-stirring
message.

Immigration: Its Advantages and
Evils.

More and more is this becoming a
vital issue with us in the South. We

VIEW OF MEMPHIS FROM RIVER.

are planning to present facts and fig-
ures that will be of the utmost inter-
est to every man who has the wel-
fare of the nation at heart.

Federation.
Here is the subject that has vast
possibilities. Why should not the
churches in this country get together
as they are doing with such wonder-
ful and blessed results in the Foreign
Missionary fields of the church? We
shall hear from close students of this
subject.

The Anglo-Saxons of the Mountains.
Men who have come out of the
mountains and who are among the
leaders of our church will properly
emphasize the needs of this great
field, pre-eminently ours at this time.
The Source and Supply of the
Ministry.

No convention would be complete
without a careful consideration of this
question. We stand today in need of
strong, consecrated leaders. The law
and medicine are overcrowded. Why
are not more of our strong men go-
ing into the ministry? Every man
can help remedy this condition.

Evangelism.
This will ring out as the keyword
of the convention. The development
and maintenance of the evangelistic
spirit in the church; pastoral evangeli-
sm; personal evangelism; each sub-
ject to be treated by one who is able
to speak out of his own experience.

Memphis Hospitality.
The people of Memphis are pre-

MAIN STREET AND BUSINESS CENTRE OF MEMPHIS

paring to entertain the convention
most royally. The committees in
charge of the local arrangements are
already organized and hard at work.
It will be of interest to those who
have never visited Memphis to know
of some of the attractions of the
Bluff City.

For the pleasure and comfort of
her people and visitors, Memphis has
1,200 acres in improved parks and
has highly improved fair grounds, con-
taining 111 acres.

Has eleven and a half miles park-
way, 70 per cent being boulevarded
double roadway; \$1,000,000 additional
will be expended on parks and park-
ways.

Has 206 miles improved streets,
with \$3,000,000 to be expended in fur-
ther improvements of streets in the
next three years.

Has 600 miles standard macadam
county turnpikes, having more im-
proved mileage than any other county
in the United States.

Has 120 miles electric street rail-
ways.

Has the largest and most complete
zoological garden in the South, con-
taining 1,100 interesting specimens.

Has the best water used by any
American city, supplied by the large
artesian water system in the
world.

Is located on river bluff, the entire
city being 50 feet above high water
mark.

Has 32 schools, colleges and semi-
naries; 6 business colleges, 2 medical
colleges, and a public library
with a 600,000 newly construc-
ed industrial high school building, and
\$1,000,000 state normal school, now
building. Has three departments of a
University of Tennessee.

Has the finest and handsomest
court house in America.

Has just completed a union pas-
senger station at a cost of \$3,500,000.

Railroad Rates and Hotel
Accommodations.

The railroads have granted rates
on the lowest basis ever granted to
religious gatherings, which insures
more satisfactory rates from every
point, and for this reason it is be-
lieved that many will attend. In fact,
it is expected that the auditorium will
be taxed with its utmost capacity and
the leaders are urging all delegates
to send in their registration cards
promptly in order that a seat may
be reserved for them. Every avail-
able seat in the auditorium is expect-
ed to be taxed and they are going
to be carefully reserved for the dele-
gates. Auxiliary meetings for the
benefit of the citizens of Memphis are
being planned for every evening, as
it is not thought it will be possible
for all who will want to attend to
get in the auditorium at one time.

Dates of Sale.

tucky, Mississippi and Tennessee,

Deafness Cannot Be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eusta-
chian tube. When this tube is inflamed
you have a rumbling sound or imperfect
hearing, and when it is entirely closed,
deafness is the result, and unless the in-
flammation can be taken out and this
tube restored to its normal condition,
hearing will be destroyed forever; nine
cases out of ten are caused by Catarrh,
which is nothing but an inflamed con-
dition of the mucous surfaces.

We will give One Hundred Dollars for any case of
Deafness (caused by catarrh) that cannot be cured by

He will be absent from the city
three months.

During his tour he will visit the
Holy Land, spending several days in
Jerusalem. He has long had in mind
this trip to the lands of which he
knows so much from reading history.
As is well known, Mr. Smith
is an omnivorous reader as well as
one of the best informed students of
the Bible. Having a very retentive
memory he is more than usually
familiar with the topography of Pal-
estine, which has made him the more
desirous to see the Holy City him-
self and to stand on places where
his Master stood and to walk the
narrow paths that the Savior trod.
Nobody can enjoy what is to be seen
more than Mr. Smith and no one can
see more than he in the time that he
will be absent.

Mr. Smith is now in the 16th year
of his pastorate here—by far the
oldest minister in service in Hopkins
ville—and none have done more effi-
cient work than he for their con-
gregations, to say nothing of his
time and labor given to the upbuild-
ing of McLean College, which has
been "the apple of his eye" from
the time he entered upon his duties
here. The Board of Missions of his
denomination recognizes in him one
of the principal forces for its great
achievements in the foreign field in
the past decade or more.

Had Mr. Smith consulted his own
wishes he would have made the tour
before this but his multifarious du-
ties as pastor, evangelist and mission
worker, as well as pushing along the
rebuilding of McLean College was a
bar to his going abroad. But he
bided his time and when he saw the
way open for a short respite from
labor he made known his intention
to his people and, though loath to
give him up for a season, his congre-
gation, always ready to do anything
that will conduce to his happiness
and knowing they would share, in a
manner, the information he had

that would come to him, yielded to
his desire.

They did much more than this,
too. At once a movement was put
on foot to raise funds to cover the
expenses of the trip. The proposi-
tion met with a quick response and
everyone was given an opportunity
to contribute toward the fund no
matter whether it was to be dollars
of the more prosperous or the mites
of those less so. It has been said
that everybody gave something, and
there is not a man on earth who ap-
preciates the gifts more than the

CAST LIGHT ON ADMINISTRATION

Wilson's New Jersey Laws
Pleasing To Congress.

Acts Based On Stanley's
Work On Steel Committee.

Kentucky Congressman Ex-
plains Three-Year Battle.

RESTORING CONFIDENCE

Washington, Jan. 31. (Special.)—
Members of Congress showed greater
interest in Governor Woodrow Wilson's
New Jersey anti-trust program, as an-
nounced in the morning newspapers to-
day, than in any previous act or utter-
ance of the President-elect. They feel
that he has thrown a great light upon
one phase of his administration, and
take it for granted that he will advocate
before Congress the same anti-trust
laws, particularly because the substance
of these laws originated with
Representative A. O. Stanley, Senator
R. M. La Follette and Louis D. Brandeis,
respectively.

Mr. Stanley in a statement today
showed what portions of his bills Gov-
ernor Wilson has apparently applied to
the New Jersey situation, and expressed
his gratification thereat. This portion
of the New Jersey program is especially
gratifying to the Democrats of the
House, as the authorization of the Stan-
ley Steel Trust investigation, from
which the bills grew, was one of the
first acts of the Democratic majority
that was elected in 1910.

In commenting on Governor Wilson's
anti-trust remedies, Mr. Stanley said:
"Governor Wilson's unqualified in-
dorsement of the anti-trust legislation
contained in the seven bills introduced
in the New Jersey Senate affords me a
profound gratification I cannot express.
For nearly three years I have been de-
manding the amendments of existing
laws, forbidding the very abuses which
this legislation is intended to correct.
During the period of Republican as-
cendancy my bills and resolutions were
pigeonholed and I was denounced by
the standpat press as a dangerous
visionary and a demagogue."

Democrats Organized Probe.

"One of the first acts of the Demo-
cratic Congress, however, was to pass
these resolutions and organize a com-
mittee, of which I was made chairman,
for the purpose of investigating the
abuses of which I had complained.
This committee on August 2, 1912, in-
troduced legislation forbidding cor-
porations engaged in interstate com-
merce from:

- A—Underselling in local markets.
- B—Fixing prices to the consumer.
- C—Issuing watered stock.
- D—Forming holding companies.
- E—Entering into agreements for the
control of the price of any commodity.
- F—Owning stock in other corpora-
tions.

G—Agreeing to limit production.
H—Attempting to prevent competi-
tion in the transportation, manufacture
or sale of any article.

"After sixteen months of laborious
investigation the committee which
investigated the affairs of the Steel Cor-
poration not only reported the status
of the concern, but proposed new legis-
lation in the form of bills which I had
the honor to introduce in the House."

"Yesterday there was introduced in
the Senate of New Jersey, with the ex-
press approval of the next President of
the United States, bills prohibiting in
that State the very practices which the
legislation to which I have referred
will prohibit in the United States."

"At this time I have had no oppor-
tunity to investigate the text of these
bills, but the purpose of the Federal
legislation recommended by the com-
mittee or by myself and the State legis-
lation indorsed by Governor Wilson are
identical, one being so drawn as to pro-
hibit these practices within the State
and the other within the Federal Union.
In the preparation of these measures
the committee and its chairman are in-
debted for invaluable assistance fur-
nished without charge by some of the
greatest jurists in the nation, the most
conspicuous among them being Louis
D. Brandeis, of Boston, and Robert R.
Reed, of New York."

Wilson Inspires Confidence.

"Governor Wilson's brave and cheer-
ing declaration that these acts are de-
signed to put an end to trusts and mo-
nopoly under the laws of New Jersey,
and I confidently predict they will ac-
complish that much-desired result, will
inspire the courage and renew the hope
of every progressive Democrat in the
country."

"The law can be enforced as easily
against the mightiest as against the
meanest of malefactors if those who are
entrusted with its enactment and execu-
tion are not hampered by obligations to
or deterred by the dread of the pull or
power of the violators of the law."

"The trouble hitherto has been that
the men who are entrusted with the en-
forcement of the law dreading the power
and the money of the men who are vi-
olating the law. The Congress and the
Senate are being literally winnowed of
the legislative agents of great corpora-
tions and of men who hope to obtain fat
retainers after retiring from public life
by so demeaning themselves as not to
incur the ill will of great railroad sys-
tems and manufacturing concerns."

"Bryan struck the keynote when he
declared that the American people will
no longer tolerate public men who are
under any obligations, financial, official
or professional, to the privileged vi-
olators of the law and plunderers of the
people."

"With fearless and incorruptible men
to write the laws, and with Woodrow
Wilson to enact them, we are in the
dawn of a new and brighter industrial
era."

In a rival political camp from Mr.
Stanley, but with a purpose as patriotic
and disinterested, Senator La Follette
has been hammering away along the
same line. Both he and Mr. Stanley
were assisted in great measure by Mr.
Brandeis, and if rumor should be ver-
ified and Mr. Brandeis become Attorney
General under Wilson, the Kentucky
and the Wisconsin man could cheerfully
support and find comfort in that portion
of the Administration.

SHIPS OF MYSTERY

Record of the "Flying Dutchman"—Other Haunted Vessels.

Ascertained That There Was a Seaman of Repute Named Vanderdecken, Who Sailed From Holland to the East Many Years Ago.

It would be surprising if among sailors and fishermen, whose superstition is proverbial, a large amount of legendary narrative connected with their calling did not exist. A little research proves that this is so and that the sea possesses its quota of uncanniness, but which, with one notable exception, is seldom heard of.

This of course is the famous "Flying Dutchman" or phantom ship of Vanderdecken. How the story originated is doubtful, but it has been ascertained that there was a seaman of repute who many years ago sailed from Holland to the east via the Cape of Good Hope but was never again heard of.

Some authorities say that, meeting with contrary winds off the cape, he swore a terrible oath, in consequence of which the Divine wrath decreed that he should be occupied till the crack of doom in endeavoring to weather the headland. Others state that this punishment was meted out to him in retribution for a terrible murder he committed before commencing his fateful voyage.

Whatever the cause of this ancient gentleman's monotonous wandering may be, it is probably in connection with him, says the London Globe, that the most authentic and cold-blooded record of any phantom exists either afloat or ashore, for it is stated that in the log of H. M. S. Bacchante, while on a voyage round the world with the little prince in 1831, there appears on July 11 the entry: "Flying Dutchman crossed our bows." The log book of one of the then largest of her Majesty's warships is certainly the last place to expect to find that which is generally associated with the hysterical of other sex.

In the "Chronicles of the St. Lawrence" by Le Maine it is recorded that on a certain day in the year a phantom ship is seen off Cap d'Eschoir in Gaspé Bay. Lights are seen aboard of her and her decks are crowded with men. By the foot of the bowsprit a man is conspicuously standing and facing toward the shore, with a lady clinging to his arm. Gradually the lights go out and the vessel sinks. It is said to be the ghost of the flagship of a fleet which was sent out to reduce the French forts, the vessel being lost with all hands. There is also noted among the lumbermen of the great river of an antique caravel which sails up the Cadolia Falls, where no other vessel dare or could follow.

To come to our native waters, there are numerous instances related in local history of the visitations of ghostly vessels, the west of England, as might be expected, being most prolific in these records. Indeed, Cornwall boasts of a goblin ship probably unique the world over, as she not only sails the water but proceeds most unconcerned by some good distance inland.

This is the specter ship of Porthcurno, and in Robert Hunt's book is related the experience of a local inhabitant who witnessed one of her escapades. She is described as a black square rigged single masted vessel, sometimes towing a small boat. No crew is ever seen; presumably they are down below.

The personal narrative says: On came the craft. It passed steadily through the breakers, glided on over the sands, steadily pursued its course on the dry land as if it had been water. On it went to Bodelan, where St. Ieven formerly dwelt. It then steered its course to Chygdwiden, and there vanished like smoke."

Bottrell also tells that in another Cornish bay during an incoming fog the noise of falling spars, guns firing and so forth is heard as if an action were in progress.

Many instances can be given of how ships themselves are said to be haunted, especially when a murder has occurred on board. And of the West Indies gruesome stories are told of the restless spirits of the ancient pirates, who presumably are too wicked to leave this sphere, but visit their old quarters and provide any unfortunate shipwrecked seaman with a fund of "horrors," which he eventually relates to a gaping audience of brother salts.

Butterflies as Jewels.

Brilliant butterflies, brought back by travelers who have been exploring distant countries, serve only to enrich the collections of naturalists. It is only recently that the multi-colored wings of these brilliant and charming insects have tempted artistic jewelers. They have imprisoned in the crystal some of these variegated wings, and have made of them jewels which not only are ravishing, but which reveal a very tempting originality. A brooch has been made with the two wings of one of these butterflies. They were arranged in the shape of a butterfly between two thin sheets of crystal and the edge of the wings was set with diamonds and an opal formed the body of the fly.

Round hat pins have been made of the crushed emerald green wings, set between crystal, and look just like precious stones.—From "Femina."

A poor light strains the eyes, and the injurious effects may last for life. An oil lamp is best. The light from the Rayo Lamp is soft and mellow. You can read or work under it for hours without hurting your eyes.

THE LIQUOR BILL PASSES

Goes Through House By 240
Votes For and 65 Votes
Against.

KENTUCKY MEMBERS DIVIDE.

Kentucky Members Divided
Almost Equally On the
Vote.

Washington, Feb. 10.—By a vote of 240 to 65 the House Saturday passed the Webb Liquor Bill, which is designed "to divest intoxicating liquors of their interstate commerce character in certain cases." The real purpose of the measure is to prevent the shipment of liquor in interstate commerce from "wet" to "dry" communities. Many of the leading lawyers of the House declared that the bill was unconstitutional and ineffective, but just as many disagreed with them.

The Kenyon bill in the senate, which is practically identical, will come to a vote and doubtless pass that body this week.

The Kentucky delegation divided on the question. Representatives J. C. Cantrill, William J. Field, Ollie M. James, Arthur B. Rouse and Swagar Sherley voted no. Representatives Harvey Helm, Ben Johnson, Caleb Powers and Jno. W. Langley voted for the bill. Stanley and Thomas were absent. The bill contains no penalty, except the confiscation of liquor shipments.

Stopped Those Pains.

Upper Hill, Va.—"I am a sufferer of this place says 'Fletcher's Castoria' has given me relief. I had a pain in my back, and it was very bad with it. I have tried different doctors but I could get no relief. I had given up all hope of ever getting well. I took Cardui, and it relieved the pain in my side, and now I feel like a new person. It is a wonderful medicine. Many women are completely worn-out and discouraged on account of some womanly trouble. Are you? Take Cardui the woman's tonic. Its record shows that it will help you. Why wait? Try it today. Ask your druggist about it. Advertisement.

JUSTIFIABLE CONCLUSION.

"What a liar that man is." "Why do you say that?" "I gave him praise a moment ago for the good work he has been doing, and he said he was afraid he didn't deserve it."

NASTY ONE.

Mrs. Gnagg—I'll say this for my husband; he does not care for other women.

LUCKY.

"Sarah Bernhardt says she has no desire to vote."

"But that's no argument against the proposition that women ought to have the right to vote."

"Of course it isn't. I was merely thinking it was lucky."

"Why lucky?" "How many election judges would be able to understand her if Sarah should walk into a polling place and ask in French for a ballot?"

Itch! Itch! Itch!—Scratch! Scratch! Scratch! The more you scratch, the worse the itch. Try Doan's Ointment. For eczema, any skin itching 50c a box. Advertisement.

CUSTOM OF LONG STANDING.

"Tipping" is an exaction of no recent growth. Describing life at the court of King Henry II. of England, Peter of Blois complains of the impertinence of the medieval marshals, whose annoyances continue "until they get something from you and are most ungrateful when they have; nay, open enemies, unless your hand is continuously in your pocket," while the "outer porters will tell the most unblushing falsehoods, and if you are an honest and religious man, but have given them nothing the day before, they will keep you an unreasonable time standing in the rain and mire."

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the family system tonic. Price \$1.00. Advertisement.

Both Disappointed.

First Billiard Player—How is it you aren't at home this evening? Second Ditto—My wife's in a bad humor; she had company arrive and she wasn't ready. How about yourself? "Oh, my wife's mad, too; she got ready for company and they didn't come."—Boston Transcript.

WORK OF THE GIRL GARDENERS

They Raise Tomatoes While the Boys Raise Corn.

HAVE CANNING CLUBS TOO.

The Splendid Movement Was Started by a Strong Minded Teacher and a Few Far Seeing Parents—Mary Rogers, Who Canned 238 Quarts.

The farmer's wife had been examining the display of corn at the Boys' Corn show. At length she looked up and asked in a puzzled and hurt manner: "How about our girls? You have Boys' Corn clubs. What is there for the girls to do? There must be something."

Corn growing contests for the boys in our rural schools are comparatively new, but they are a great success. Girls' Tomato Canning clubs are still newer, but they, too, are a success. In less than four years the membership in the Girls' Tomato Canning club has reached the splendid total of 27,000, all

MARY ROGERS.

working under directions from the government and scattered all over the United States. In these contests each girl must grow one-tenth of an acre of tomatoes and strive to can the greatest possible amount of the fruit.

Although the Boys' Corn club is three years old in Kentucky we believe this year is the first for the Girls' Canning club. Last spring, when Jefferson county organized its Boys' Corn and Potato club, it also organized a Girls' Canning club and offered some very substantial prizes. The season was an unfortunate one, and those having the work in charge did not at first realize that it was not only a matter of growing and harvesting a crop, but also a matter of manufacturing the crop into a marketable commodity. Nevertheless, the club marks the beginning and a very good beginning at that.

One strong teacher at a small, dilapidated schoolhouse ten miles from the city was the prime factor in this beginning. The second factor was a strong mother who had the ability to see and understand the educational value of the work for her child. That child was Mary Rogers, whose clear gray eyes spell an ability to hold fast to what she undertakes.

"Yes; it was awfully hot part of last summer," she replied to the questions put to her, "but I had made up my mind to win if I could."

"Lots and lots of my tomatoes rotted because of the rain," she continued, "and then we ate a great many too. I bought my plants, and they began bearing about the 1st of August, so I had six weeks' canning. Yes; that was hotter than the patch, because I did the work over a wood stove. Next year I think we'll get one of those ten

MAMIE BELLE SHEPHERD.

dollar canning outfit. You know, you can use them out in the yard under the shade of a tree if you want to."

"Yes; I'm going to be in the tomato club next year, if they have one. Oh, I'm only thirteen, so I have several years more in the club. I forgot to tell you that I canned 238 quarts. I have had a good many offers for some of them, but after getting the prize, which is quite large, we will eat most of them at home."

Mamie Belle Shepherd, who was the winner of the second prize, tried to grow her own plants and for that reason got a very late start in canning her crop.

Commissioner of Agriculture Wilson in his late report wrote the following: "From a department with 2,444 employees in 1897 and an appropriation of \$3,272,962 it has increased to 13,858 employees at the beginning of the present fiscal year, with an appropriation this year of almost \$25,000,000."

"Whereas there are now 52,000 requests every week for department publications, there were but 500 in 1897, and during this period 225,000,000 copies have been distributed."

Pains All Over.

Houston, Tex.—"For five years," says Mrs. L. Fulencheck, of this place, "I suffered with pain all over, especially in my back and side, and was so weak I could hardly do my house work. A friend told me of Cardui. Since taking it, I feel so much better! Now I can do all my housework and pains don't bother me any more at all." Cardui is a strength-building medicine. Fifty years of success have produced, amongst its many users, confidence in Cardui and what it will do. During this time, Cardui has relieved the female ailments of over a million women. Why not yours? Try it, today. Your druggist sells it.

Is Tottering to Its
Fall in the City of

Pres. Fighting Under
Great Odds, Foes
on Every Side.

The Federal army revolted Sunday in Mexico City, troops taking possession of the national palace and the principal public buildings. Gustavo Madero was taken prisoner. After street fighting, in which about 200 persons were killed, the Government succeeded in regaining control. President Madero led the loyal troops for a part of the time. The insurgents released Gens. Felix Diaz and Bernardo Reyes. The latter later was killed while attacking the palace. Madero is optimistic but only 25 per cent of his troops are still loyal.

GIRLS' WAISTS.

Are Encircled By "Phantom Arm" That is Causing Trouble Among Pennsylvania Families.

Latrobe, Penn., Feb. 10.—A massive, phantomlike arm that sweeps tables clear of dishes and food at one stroke, that causes stoves to defy the laws of gravitation and has a penchant for encircling the waists of pretty young women, has taken possession of a section of this city and reigns supreme.

Landlords who have jeered at the "ghostly" apparition for the past two weeks now are growing serious minded as the "to let" sign is tacked up each morning on another house.

A little over a week ago Herman Relig, a banker, rented a house in Cherry street, and with his wife and child moved in the house. The first night, while Mrs. Relig was alone in the house with her babe eating their supper, the "massive, ghostlike arm" swept all the dishes from the table. It then encircled the waist of Mrs. Relig, and according to the pretty young wife, squeezed her gently several times.

A night or so later the "massive arm" visited the home of the Walde necks, on Spring street, where it also cut up a few capers by first suspending the stove in the air and then in quick succession encircled the waists of Waldeneck's two pretty daughters, Florence and Katherine. Both girls later declared that the arm felt natural.

In rapid order the "phantom arm" visited the Semplers, Kingbrooks, Cartos, and Donnelly's. In each residence the "massive arm" cut up queer capers.

According to those who have been visited, however, it has never missed embracing the young women of the household.

Push the Button

Drive up in front of our Grocery Department. You will see a new box post standing on the edge of the pavement with an Electric Push Button. Take your whip handle and press the button and a real live clerk will rush out at once, anxious to take your order, and to save you the trouble of getting out, hitching your horse and entering the store. Try it and see how it works.

This principle, "You Push the Button and we'll do the rest," you will find now obtains in every department of our business.

ESQ. CLARK'S WILL

Probated In County Court Last Thursday.

The will of the late Esq. H. B. Clark has been admitted to probate. The instrument bears date of Dec. 3, 1912. To his wife, Mrs. Elizabeth Clark, he left all his property, for her use and benefit during her life. At her death the remaining estate is to be divided between his eight heirs. The decedent suggested that a sufficient sum of his life policy be used to defray funeral expenses and the balance be deposited in bank for the use and benefit of his wife.

Mrs. Clark waived her right to qualify as executrix and the City Bank & Trust Company was appointed to look after the estate.

The court appointed the following as appraisers: Buckner Campbell, Charles Smith and Henry Cox.
